- + Be at least as broad as the underlying policies
- + Include Additional Insured coverage for all upstream parties on a primary and noncontributory basis(see below for additional information on this topic)

ADDITIONAL INSURED COVERAGE REQUIREMENTS:

The Subcontractors Commercial General Liability and Umbrella/Excess Liability policies must be endorsed to name the Contractor, Project Owner, Construction Manager, Architect and any other upstream parties required in the contract documents as an Additional Insured on a primary and non-contributory basis. This should be accomplished using ISO form CG 20 10 11 85 or CG 20 10 10 01, and CG 20 37 10 01 or equivalent forms that contain "arising out of" causation language, and prove "Your Work" coverage (i.e. work in progress or Ongoing Operations; and completed work or Products/Completed Operations) for damages "arising out of work" performed for the Contractor by the Subcontractor. Such Additional Insured coverage must provide completed operations coverage to the Additional Insured through the applicable statute of repose for the state where the project is located. The Additional Insured coverage shall be primary without right of contribution from any other insurance available to the Additional Insured, and the amount of the carriers liability under the Subcontractors policy shall not be reduced by the existence of such other insurance. A copy of the Additional Insured endorsement form shall be attached to the Certificate of Insurance.

CERTIFICATES OF INSURANCE:

A certificate of insurance form outlining the required insurance coverages and limits above must be filed with the Contractor prior to the commencement of any work by the Subcontractor and must state coverage will not be altered, cancelled or allowed to expire without thirty (30) days advanced written notice by certified mail to the Contractor. If any of the above coverages are subject to or are in excess of any deductibles or self-retention, these amounts must be stated on the certificate, and said deductibles and self-retention will be the sole responsibility of the Subcontractor. A duplicate certificate of insurance, along with the Additional Insured endorsement, shall be sent to the Contractor.

WORKERS COMPENSATION:

Workers Compensation coverage should be carried by all Subcontractors performing work on the Contractors behalf. Be sure none of the Subcontractors have excluded employees that are or will be actively involved

DESCRIPTIONS (Continued from Page 1)

in the work at the jobsite. If an injury occurs to a person the Subcontractor has excluded from Workers Compensation coverage, the Contractor loses the benefit of the sole remedy provision of the Workers Compensation Act and could face a costly civil lawsuit. If Subcontractors do not carry Workers Compensation as required by law, the upstream Contractor will be charged premium at audit as if these workers were the Contractors own employees. Contractors must be sure to require a Certificate of Insurance from all Subcontractors evidencing Workers Compensation coverage is in force before letting them start work on the project.

SUGGESTED WAIVER OF SUBROGATION WORDING FOR WORKERS COMPENSATION:

Waiver of Workers Compensation Lien, Rights of Subrogation or Recovery of Workers Compensation Benefits
To the fullest extent permitted by law, Subcontractor for itself and on behalf of its workers compensation insurer who may be obligated to pay workers compensation benefits to Subcontractors employee, hereby waives and releases any and all rights and/or claims for subrogation, workers compensation statutory lien or other rights and/or claims of recovery for workers compensation benefits against Owner, General Contractor, Construction Manager, Contractor, Architect and Engineer, who are liable or alleged to be liable for work related injury to Subcontractors employee, arising out of Subcontractors contract with Contractor. Subcontractor will obtain a waiver of any subrogation rights or Workers Compensation lien that its insurers may acquire against Owner, General Contractor, Construction Manager, Contractor, Architect and Engineer by virtue of payment of any Workers Compensation benefits.
