“Construction Solutions for the Future”

MISSION STATEMENT

To provide quality construction services at competitive rates while honoring Jesus Christ in our approach to diligently serve our clients in attaining their goals and aspirations.

Northend Community Center opens for the residents of Lafayette

Design/Build construction was completed in September by Titan Construction & Engineering for the new “Northend Community Center” located on Elmwood Avenue in Lafayette. This 95,000 sf facility, another ministry of Faith Church of Lafayette, houses the church’s administration offices and counseling facilities along with (9) collaborative partner organizations to serve the residents of the Lafayette north end. The facility is complete with amenities such as (2) basketball courts, swimming pool, fitness center, indoor walking track, rooftop street hockey rink, and in-house bakery/restaurant. This is the third major community center built by Faith Church in the greater Lafayette and West Lafayette areas to better serve and minister to the residents of these communities.

Employee Bio

Mike McGowan
Facility Planning & Sales

Mike returned to Titan C&E in 2004 in the position of Facility Planning and Sales after having previously worked here in the late 1980’s in the area of project management. A graduate of Purdue University with a degree in Building Construction & Management he brings a great deal of construction experience to the facility design process. He and his wife, Melissa, live in the Rensselaer area with their (3) children.

“Looks like the lady down the street had her clothes-line blown down again.”
